Miss Kathleen Parlow

My dear Kathleen; for the moment we are full up here but I suppose until you intend arrive some rooms may be free. - I have two Russians and one American pupil here. The latter is a new one; he came directly from the other side; down in Christiania are two Norwegians and a Russian boy.

Oddy Brown wants to come in August too. So not come  
to late as I may probably return home soon after Sep-  
tember 1<sup>st</sup> if not the 1<sup>st</sup>. The air is wonderful here but  
it is so cold; I have the feeling as if I went from the Petro-  
grad winter directly in the autumn sometimes with  
sunshine but most of the time the sky is cloudy. - I am  
so very depressed and am waiting for a change in these  
terrible uneasiness. -

Our best love for you both.
